EXAMINER: Read *if reference* concerned, whether or not candidate is in conference with MPTP 609. Draw three documents that are in conference and not included copies of them with next communication to applicant. "Application" means application, translation number (optional). See Kinds/Codes of USPTO Patent Documents: a) *original/patent*, b) MPTP 906 "a". Enter office that issued the document, by the two-letter code (WFO=Washington S1 file). The Japanese patent classification system is used for the purpose of determining the date of publication of the document. The date of publication of the document is the date of the first page of the document as printed; the serial number of the patent document. Kind of document by appropriate symbol; is indicated on the document under WFO/SHD S1 file (see below). Applicant to place a check mark next to English language Translation is checked. This collection of information is required by FCPI 78-1 and 78. The information is required to obtain or retain a benefit by the public which is to file (apply) to the USPTO to process an application. Confidentiality is governed by 35 U.S.C. 122 and FCPI 78-1. This collection is returned to you 7 hours in complete, including preparation, and processing the completed application package to the USPTO. Time will vary depending on the complexity of the application. Please contact the USPTO for more information. For more information, please contact the USPTO, Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22314-1450.
